The Board of Supervisors met in regular session Monday, July 20th, there being present Wm. H. Brown, presiding, Jas. T. Casey, John MacBain, Jos. M. Francis and D. E. Blackburn.

Mrs. Flora Easterday of the Fifth road district appeared before the board and in her behalf Supervisor Blackburn requested that the road from Tunitas station to Mrs. Easterday's property be not abandoned, and that the bridge at that place be also maintained. Blackburn promising to pay the expense out of his fund. Blackburn moved that such be the sense of the board. He was seconded by Francis and the motion carried.

It was ordered on motion of MacBain, seconded by Blackburn, that the check presented by Daniel Flynn at the last meeting with his bid for the construction of Albin avenue at Woodside be returned to him and that the bid of Hess & Benson which was the lowest, be laid over two weeks.

One bid was received for grading the road from Neuman's at Woodside through the property of Folger and others to the mountain top, that of Mahoney Bros., who offered to complete the work for \$22,319.09, which price is \$236.41 less than the Surveyor's estimate.

On motion of MacBain, seconded by Blackburn, the contract was awarded to Mahoney Bros.

The clerk was directed to notify Mrs. Welch to discontinue the sale of liquor until she had secured a license in her own name.

District Attorney Swart presented the affidavit of L. Bocci complaining that the Hotel Italia and the Colma Hotel in the First township were being conducted in a disorderly manner, the proprietors catering to the vulgar and immoral

element who come from San Francisco and destroy property in the neighborhood.

A resolution was adopted on motion of MacBain, seconded by Blackburn, citing the proprietors of the two resorts to appear at the next meeting, August 3d, and show cause why their licenses should not be revoked.

Albert Mansfield, city attorney of Redwood City, presented an ordinance by the terms of which the county relinquishes to the Town of Redwood City, ownership of El Camino Real within the limits of Redwood City, excepting the twenty-four-foot center roadway which has been constructed by the county. The object of the transfer is to enable the city to complete the roadway for its full width.

The ordinance was adopted on motion of MacBain, seconded by Blackburn.

Surveyor Neuman reported that the residents at Hillsborough desired the specifications of the county highway at Hillsborough changed by cutting down the shoulders in front of the Clark property. It was moved by MacBain, seconded by Blackburn, that the chairman appoint a committee of three to inspect the roadway before taking action. The supervisors of the First, Second and Third districts were appointed.

The surveyor reported that the county had not yet received a deed of easement to construct the Bay Shore road across the railroad crossing at San Bruno. The matter was referred to District Attorney Swart.

On motion of Casey, seconded by MacBain, the surveyor was directed to prepare plans and specifications for paving the roadway from the San Francisco line to School street at Colma.

On motion of MacBain, seconded by Blackburn, the Health Officer was directed to appear at the next meeting and advise the board as to the merits of a claim presented by Dr. Bohm of San Bruno for medical services rendered to an indigent family.

News Endorses Green.

The San Mateo News and Leader, in its endorsement of Kenneth M. Green for district attorney says:

"That Green is eminently qualified to handle the prosecution of criminal cases for the county is indisputably proved, not only the fact that he has acted as a deputy in the bond and warrant department of the office of District Attorney Fickert of San Francisco, where all criminal complaints are prepared and warrants issued, but also by the following letter from Assistant District Attorney Fred L. Berry of San Francisco, whom Green has assisted as prosecutor in Superior Judge Dunne's court:

City and County of San Francisco, District Attorney, Hall of Justice, April 23, 1914.
Mr. Kenneth M. Green, San Mateo, Cal.:
Dear Sir:—At this time I desire to express to you my sincere thanks for your generous assistance and suggestions in the trial of the many criminal cases you have voluntarily associated yourself with here. I have no doubt you will find that your time must be given now in furtherance of your duty for the district attorneyship of your county. It is my hope that the voters may understand and know, as well as I know, your fitness to handle the business of such an office, both from education, natural ability and experience in many trials here. Yours very sincerely,
FRED L. BERRY,
Assistant District Attorney.

Kenneth M. Green has been a resident of San Mateo for nearly fourteen years and was educated in the local grammar and high schools before attending Stanford University.

He studied law in the office of Gavin McNab of San Francisco and practiced his profession in that gentleman's office after his admission to the bar five years ago.

As a member of the law firm of Green, Humphreys & Green of San Francisco he has enjoyed a large and varied experience in civil practice in the federal and state courts, including the superior court of San Mateo county.

In view of this experience, The News and Leader know that Green is able to handle all civil and criminal business for the people of San Mateo county and we are for him for district attorney.

Green is a Republican in national politics but of course, is making his canvass in this campaign as a non-partisan, as all county offices have been taken out of politics. He was the nominee of the Republican party four years ago.

In urging its readers to vote for Green, The News and Leader do so with the feeling that he merits this help, not only because he is well fitted, but because he was reared and educated here and is truly a San Mateo county candidate. Let us elect him by a majority at the primary election, August 25."

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

For U. S. Senator,
SAMUEL M. SHORTRIDGE.

For Governor,
JOHN D. FREDERICKS.

RAPIDLY GAINING GROUND.

Samuel M. Shortridge, the Republican candidate for the senatorship is gaining day by day so that it now looks as if he will sweep the state at the primary election in August. A number of his enthusiastic admirers declare that he will receive a plurality of 30,000 votes in San Francisco alone. It is generally agreed that he will overwhelm his opponent in the southern portion of the state. He certainly deserves success at the hands of the Republican party.

For 30 years Samuel M. Shortridge has worked for the Republican party. No task has been too arduous, no trip too long for him to undertake if at the end of it there was a chance to further the cause of the party. All this, too, without even a thought or desire for any reward. He has probably covered more territory in California in the interest of the Republican party than any other man, and all the expenses came from his own pocket. This is the first time he has ever asked for the support of the party to secure any public office. In addition to his record as a speaker, Samuel M. Shortridge has made a thorough study of our present educational system and is probably as well posted as any man in the country on tariff problems. The success he has made as a lawyer speaks for his ability and his slogan is Protection, Progress and Prosperity.

BAY CITY WELCOMES FREDERICKS.

The anxiety on the part of the voter to defeat the present administration at Sacramento has caused them to ask the question, "Who is the strongest man to oppose Johnson in the November election?" That question has now been solved. The mass meeting at San Francisco Thursday night indicated who would be the Republican nominee at the primary election. A representative of this paper was present at the meeting and acted as one of the vice-presidents. The citizens of San Francisco and surrounding country had come to the meeting to hear Captain Fredericks, the district attorney of Los Angeles county. Fully eight thousand people were present, standing room was turned away and several thousand consisted of business men anxious to know the ability of the southern candidate. Captain Fredericks spoke for about two hours. He is an able speaker and created the impression undoubtedly that he was the ablest and strongest candidate of the four aspirants for gubernatorial honors. His position and platform were ably set forth. He was followed by Joe Scott of Los Angeles, one of the attorneys who defended the McNamara-Fredericks strongly impressed the people of San Francisco of his ability and fitness for the office of governor and his likelihood to relegate the present governor to the background. At the present time there is no doubt that Fredericks will receive the nomination, and as he enters the final campaign next fall with a united party behind him his election is conceded. The people are anxious for a Republican governor, and if the registration of the state counts for anything the party will surely win.

TWO LIVES, THE REAPER'S TOLL OF THIS WEEK

Mrs. Ellen Comper, many years an esteemed resident of Redwood City, passed away Sunday after a long illness. The deceased was a native of Ireland, aged 69 years. Besides her husband, Albert Comper, she is survived by one daughter, Mrs. J. C. Dickey. The funeral took place Monday. At Mount Carmel church a Requiem Mass was celebrated for the repose of her soul and Father Sullivan spoke very kindly of the deceased and of her Christian life in the community. Many sympathizing friends were present, both at the church and at Holy Cross cemetery where her body was reverently laid away.

Reynold P. Sears, the only son of Mrs. Alice R. Sears, who recently made her home in Redwood City, passed away at Colfax Thursday after a lingering illness from lung trouble. Mrs. Sears brought her son to this city from Oregon when he first became ill, believing that the milder climate would bring about his recovery. When he failed to improve she took him to Colfax where special treatment is given such cases, still hoping that his life would be spared. It was too late. The disease had progressed so far that medical science with careful and tender nursing was without avail and the unfortunate young man sank until death came to his relief. Funeral services were held yesterday forenoon at the parlors of the Redwood City Undertaking Company. Rev. Mr. Young officiating. At the conclusion of the services the body was taken by steamer to Crescent City for burial in the family plot. The deceased was a native of that city, aged 23 years.

City Council Grants Permit for Location of Works for a Competing Company

Monday evening's session of the city council was far from a short one, though no great amount of business was disposed of, much of the time being spent in discussion among the trustees, who seemed far from one mind on several subjects. In the absence of Mayor Merrill, who is on his summer vacation, Trustee Deleau was elected chairman for the evening.

A petition was presented from the American Gasoline Company asking permission to erect a storage plant for gasoline and other petroleum products on block 23, Eastern Addition, a small block fronting on Railroad avenue and bounded by Manzanita, Laurel and Cooper streets. Representatives of the company asked imitative of the council that it was the desire to commence construction work next week and explaining that it was the intention to make this plant the distributing point for the entire peninsula. Trustee Tushen opposed action at this meeting, urging that the application be laid over until the next meeting in order that property owners interested in that section might be given an opportunity to be heard. In support of his position Trustee Tushen contended that the location of a plant of this character at this place might be considered a menace to adjoining property and that it was the right of those liable to be affected to have some say in the matter. The proposal for delay was strongly opposed by Trustee Deleau, who contended that the location was a commercial one and that the location of enterprises such as this, which promise a material increase in the business of the city, should be encouraged. Following a lengthy discussion, the desired permit was ordered granted. Trustee Tushen voting no, and an ordinance formally confirming the action was given first reading.

In a communication from Secretary Kincaid, the Board of Trade requested that the city bear the expense of the erection and maintenance of an electric sign on Broadway at the railroad crossing. While the proposal seemed to be looked on with favor, action was deferred pending a full investigation of the subject.

A communication was read from the Pacific Coast Association of Fire Chiefs urging that the city be represented at the annual meeting of the association to be held at Victoria, B. C., in September. On the motion of Trustee Sampson it was decided that the city should be represented either by Chief Wint of Assistant Chief Coleman.

With a view to devising some systematic plan of house numbering for the city, Clerk Pump was directed to present at the next meeting a review of the present ordinance bearing upon the subject.

Secretary Kincaid of the Board of Trade presented an ordinance amending the present occupation license ordinance and asked that it be adopted. The reading of the proposed amendments by Clerk Pump was the occasion for another extended discussion among the trustees, several provisions of the old law coming under fire. While the new ordinance, in the form presented, did not seem to meet with entire approval, it was given an introductory reading with the understanding that further amendments might be presented before final action was taken.

City Marshal Coleman reported that the collections of his office for the month amounted to a total of \$4974.35, divided among the various sources as follows:

Water rates.....\$1241.10
Water connections.....40.69
Liquor licenses.....2820.00
Miscellaneous licenses.....537.70
Placemakers fees.....14.50
Miscellaneous licenses.....537.70
Taxes.....214.75
Street Improvement Dis. 13 106.30

City Treasurer F. K. Towne reported the balance in the various funds of the city to be as follows: General fund, \$2114.47; water fund, \$3701.09; library fund, \$1405.21; park fund, \$674.30.

The regular report of the other city officers and employees, giving a general resume of the city business for the month, were presented and ordered filed.

For the laying of water mains in the new street improvement district there were no local bidders, the only bids being those of Cashal Bros. at 20 cents per lineal foot and Henry Twohy at 19.4 cents. The contract was given to Twohy.

For street sprinkling the bidders were J. D. Smith and George Alvis, each naming the same price \$1.55 per day of eight hours. As Street Superintendent Dickey reported that the work of Alvis during the past year had been quite satisfactory, he was continued on the job.

For the sweeping of Main street and Broadway the only bidder was C. H. Fickett, who set a price of \$75 per month if sweeping three times a week was required, or \$115 for six times per week was wanted. While it was generally conceded that the streets should be cleaned oftener than three times a week, Trustee Hahir raised the point that it was not fair that all the expenditures for this work should be made on these two streets while the general tax payer was called upon to pay the bills. The force of this argument was admitted and it was decided to continue the old plan of sweeping these streets three times a week and to expend the remainder of the money in occasional cleaning of the other

paved streets of the city.

Trustee Hahir urged that some action be taken to place a strict limit on the giving of all night dances, which he characterized as frequently surrounded by immoral conditions and leading to scenes of drunken carousals on the streets of the city.

These dances, he said, appeared as a rule to be given by people who were not residents of this city, but came from other places where the practice was prohibited by law. He suggested an ordinance which would require a special permit of the council for a dance to be continued later than midnight unless it be on the occasion of a few holidays. The need of such a law was unanimously admitted by the trustees and it was the understanding that an ordinance along the lines suggested would be prepared.

Trustee Tushen asked for and was given authority to purchase 100 loads of earth to be used as filling for the grounds surrounding the city hall, the cost not to exceed \$100.

The Day of Days.

As an additional attraction to the usual five reel program for today and Sunday at the Bell theater, Manager Nathorst has secured Miss Marie Hill, a musical specialty performer of note, who will appear in a number of specialties, notwithstanding the added attraction of the prices will remain at 5 and 10 cents.

For Monday evening's extra special program the feature will be by Scott, the noted dramatic actor, in "The Day of Days," a extravaganza of metropolitan adventure. On Tuesday evening there will be shown a continuance of the popular serial, "The Adventures of Kathlyn." Entirely new pictures will be shown each night and, with the exception of Monday, popular prices will be the rule.

SUPERIOR COURT REPORTER

SETS NEW SPEED RECORD

In a shorthand speed contest on Saturday, July 18, held in the presence of Hon. George A. Sturtevant, presiding judge of the Superior Court of San Francisco, and others, Lasher B. Gallagher, son of Court Reporter Robert Gallagher of the Superior Court of this county, wrote 284 words per minute from dictation. On the first trial 277 words per minute were read, and on the second 284 words per minute were read to him from the transcript of a case. It was absolutely new matter to the young speed champion.

Gallagher read his notes back without any hesitation, and comparison showed he had not made an error of any kind. Two hundred and eighty-four words as fast as anyone present could read was his limit evidently, as he wrote at this speed with apparent ease and did not stop the reader at any time.

At the national shorthand speed contest only 280 words per minute were read, to the contestants, and the record at the last contest was 272 words correct out of 280 words read.

Gallagher intends to compete for national honors during the national speed contest, which will be held in San Francisco in 1915. With another year's work and practice he hopes to write more than 300 words per minute. Lasher B. Gallagher has studied shorthand less than two years. He is the son of R. P. Gallagher, of the Gallagher-McCarthy business college, is 20 years old and was born and raised in San Francisco. He writes the California shorthand system.

SPRING VALLEY MUST REMOVE ITS FLUME

Judge Sargent Sustains Claim of County to Right of Control of Its Public Highways

Judge B. V. Sargent of Monterey county, several weeks ago, tried the case of the County against the Spring Valley Water Company, an action brought by District Attorney Swart at the direction of the Board of Supervisors to compel the removal of the water company's flume from the highway at San Bruno, has rendered a formal decision in favor of the county, as intimated by Judge Sargent at the conclusion of the trial.

The decision, after a preliminary statement regarding the origin of the case, goes on to say that in 1855 by an act of the Legislature, D. S. Cook, Horace Hawes and S. M. Mezes were given permission to construct a sixty-six foot road from the south end of the Potrero, San Francisco, over the most favorable ground and as near the bay as possible into San Mateo county to connect with the Mission road at what was known as the Fifteen-Mile House, the State granting to the builders of the road the right to such lands of the State as were necessary, for a period of twenty years.

Subsequently the San Bruno Turnpike Company took over the road, using it until May 27, 1878, at which time it passed into the hands of the San Bruno Road Company, and it was continuously operated thereafter as a toll road, under the jurisdiction of the Board of Supervisors until 1887 when it was taken over by the county and has since been used as a public highway.

"It will thus be seen that the road itself was established by a proper act of the Legislature, was used as a turnpike or toll road for a number of years, authority was exercised over it by the Board of Supervisors of the County of San Mateo and when, because of the legal lapse of time, the toll road ceased to exist, it became the county property.

"The maps in evidence, together with the surveys, show clearly and distinctly that the width of the road was as provided in the original act, to-wit: sixty-six feet. Within these boundaries and along the

side and under one portion of the actually used strip of road, the San Bruno Road Company gave a permit to the defendant's predecessor in interest, the Spring Valley Water Company, to erect and maintain a large covered flume, the height of which is nearly at a level with the surface of the road and is now in the way of the necessary improvements, it being the desire of the County of San Mateo to widen the strip by filling in the adjacent roadway and making the San Bruno road a continuation of a perfect line of roads through this district, thus opening for residential purposes one of the choicest sections of the County of San Mateo.

"The defendant's contention is, first, that as it has now and for many years past has been in possession of the strip of land covered by the flume, therefore it is presumed to be the owner thereof; second, that, inasmuch as the county claims by prescription only the particular road actually used as a roadway, therefore its possession of land adjacent but not actually used for road purposes cannot be disturbed.

"A turnpike road and toll road is a public highway established by public authority for public use and is not private property. The road in question, therefore, was a public highway, and the various companies whose rights therein are dated those of the County of San Mateo, merely held an easement therein.

"No testimony is offered by the defendant to show any conveyance whatsoever of the right of way for flume purposes, nor is there one iota of legal testimony going to establish defendant's rights therein. He must, therefore, rest abstracted upon possession. By even submitting that the Turnpike or Toll Road Company did actually grant defendant a right of way over and upon this road, what authority had they to do so? Inasmuch as the strip of land was a public thoroughfare, as above shown, they acquired merely an easement therein.

"Every traveler has the same right to use the road of a turnpike company upon paying the tolls established by law, that he has to use any other public highway. Therefore, the toll road company possessing merely an easement and for the particular purpose, namely: the collection of tolls, it had no authority whatsoever to grant any rights in and to the premises to the defendant corporation or to its predecessor in interest adverse to the rights of the public for a county road. Possession merely an easement, it could grant nothing more than a license to the defendant corporation during and pending the term of the existence of its right of easement, namely: the period of time fixed by law during which it could

New Probate Applications.

Winnie Mary Rutherford has applied in the Superior Court for letters of administration upon the estate of James Adam Rutherford, who died on June 30, 1914. The estate consists of an undivided one-half interest in lot 20, block 1, Easton Addition to Burlingame, valued at \$1000. The value of the estate does not exceed the sum of \$1500. The heirs at law are the petitioner, widow of deceased and Mrs. Sarah Lightner, a sister of deceased.

B. T. Evans has applied for letters of administration upon the estate of Lauretta H. Evans, who died on July 6th, 1914. The estate consists of lot 10 and 11, block 11, Salada Beach and with improvements is valued at \$4000.

Annie E. Wilson has applied in the Superior Court for letters of administration upon the estate of Arthur L. Wilson, who died at San Mateo on July 4, 1914. The estate is valued at \$1000. The petitioner and Richard Campbell were co-defendants in the estate of Wilson.

"There can be no doubt as to the law and facts in this case. The strip of land described in plaintiff's complaint is a public road, defendant's flume thereon is a nuisance and, therefore, is to be removed and no amount of presumption such as is contended for by defendant will prevail against the facts established by the District Attorney in this case. The Court realizes fully the grave consequences that will result to the defendant in this case by an order causing its removal, but whatever these consequences may be they must give way to the necessary demands of public convenience and public improvement. The section of territory through which the strip of land passes is rapidly becoming populous and prosperous. Hereafter the flume was in no great measure a detriment to the public welfare, but now, under existing circumstances and under the future probabilities of the rapid population of this end of San Mateo county, it stands out boldly that the flume is in the way and should be removed."

named in the will as executor and executrix, but Mr. Campbell has waived his right to serve. The heirs at law are Annie Wilson Rose and Arthur H. Wilson, daughter and son of the deceased. The devisees and legatees under the terms of the will are, Annie E. Wilson, Arthur L. Wilson, Annie Rose Wilson and A. C. Wilson.

S. Nieri has applied in the Superior Court for letters of administration upon the estate of Guiseppe Nieri, who died on June 27th, 1914 at Colma. The estate consists of real estate located in the northern end of the county and personal property valued at \$8500. The deceased left a will bearing date of June 27, 1914.

DREAD FIRE FIEND RAVAGES PRETTY SUMMER RESORT

Guests at La Honda Hotel Make Heroic Fight Against Flames.

The fire at La Honda last Saturday afternoon destroyed one of the oldest and best known hotels in the state. Many of the men and women who watched the flames recalled the days when they played through the halls as children. The Hotel La Honda was built over 40 years ago by John Howard Sears, one of California's pioneers and he was the proprietor until his death several years ago. In 1900 the new wing was built and a number of other improvements made.

The fire, which was probably started from the kitchen, was discovered by Master Harold Dougherty and was evidently burning some time before it was noticed. The call for help was quickly answered, practically all the men joined in the work of saving household goods. After it was seen that the hotel was doomed, the fire fighters turned their attention to saving Cavalli Bros' store. A bucket brigade was formed and water was carried from the creek, a distance of some hundred yards. The fire lasted about two hours and during that time the heat was so intense that automobile drivers found it impossible to pass.

A large amount of furniture, bedding, and clothing was saved, and all registered guests were made comfortable for the night. Owing to the thoughtfulness of Mrs. Ida Sears and Leonard Sears, much food was saved from the kitchen and dining room.

The Misses Wicks, artists, who were staying at the hotel lost a number of valuable paintings. Earl Gossett worked saving furniture until his clothes burned as did many others. Too much praise cannot be given to Walter Sullivan and Chas. Nolan, both members of the San Francisco fire department. Both these men worked unceasingly and with such system that the credit of half the goods saved must be given to them. One of them, Chas. Nolan came very near losing his life. Both men were working on the second story and when the stairway the only exit, commenced to burn, Sullivan left the building, thinking Nolan had already left. While leaving the building Nolan was struck across the head by falling timber and was knocked unconscious. Nolan was discovered in this condition some moments later by Lucian Ackerman who lifted him on his back and started down stairs. Four of the stairs had been burned and Mr. Ackerman was forced to jump the distance to safety with his burden. Mr. Nolan undoubtedly owes his life to Mr. Ackerman's bravery.

For a time it was thought the entire forest would be burned and a number of campers nearby moved to a neighboring safety.

Owing to the forethought of Phil Figel any number of guests were made comfortable for the night. At 6:30, "Chee," the good natured hotel cook served dinner under the trees. Mrs. Sears has secured a splendid big tent, which will be used as a dining room and will conduct the hotel for the rest of the summer on the "tent city" plan, which is so popular at Santa Cruz and Coronado.

Mrs. Sears has not announced her plans as yet but will probably build a fine new modern building.
